 - Shri Vaishnav Institute Of Management, Indore
 - 2026
- *Customized GWDD Course*
 - Arena Animation Bhawarkuan-Indore
 - 2024-2025

PROFILE

Disciplined UI/UX, Graphic, and Front-End Design fresher with a strong execution mindset. Trained through the Customized GWDD Program (Arena Animation, Indore) and an AI Skills Development Course from IIT Indore. I combine design fundamentals with modern AI-assisted workflows to deliver cleaner interfaces, faster prototypes, and smarter design decisions.

I use AI intentionally – for generating layout variations, improving wireframes, analyzing usability patterns, speeding up research, and enhancing design clarity. Skilled in Figma, Photoshop, Illustrator, HTML/CSS, JavaScript, React, Python, and SQL. My work is straightforward: user-focused, fast, and consistent.

PROJECT

1. Mobile App UI Design - Self Project

- Designed 6-8 mobile app screens using Figma
- Created user flow and consistent UI components
- Built an interactive prototype for navigation testing

2. Website Landing Page Redesign - Self Project

- Redesigned a homepage layout for better visual hierarchy
- Improved typography, spacing, and CTA placement
- Delivered wireframes and high-fidelity UI screens

3. Dashboard UI Concept - Practice Project

- Designed a simple dashboard interface focusing on clarity
- Used components and auto-layout for scalability
- Followed basic usability and accessibility principles

Skills

1. Design & UX

- UI/UX Design (wireframes, prototypes, usability)
- Visual Design (spacing, typography, colour systems)

2. Tools

- Figma (Auto-layout, components, prototyping)
- Photoshop, Illustrator, Canva

3. Frontend & Programming

- HTML, CSS, JavaScript, React JS
- Python, SQL

4. Additional Skills

- AI-assisted design workflows and productivity
- Clear communication and fast execution

Languages

- Lisan -ud- Dawat, English, Hindi, Urdu
